

Art Hanging Made Simple

Three Rules for Getting It Right Every Time

1. Hang at Eye Level

Place center of artwork at 57-60" from the floor.

2. Anchor Above Furniture

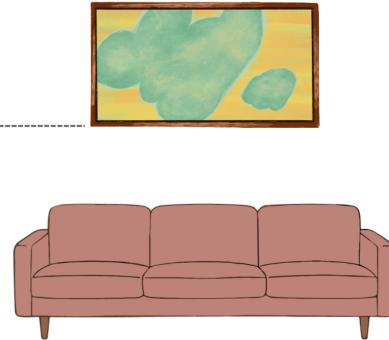

Leave 4-8" of space between the bottom of your frame & the top of the furniture below.

3. Keep It Proportional

Your artwork (or grouping) should be about $\frac{2}{3}$ the width of the furniture beneath.
